## POSITIVE FEEDBACK

We are always happy to CareWorks users. Some the Volunteers Lakewood, NJ told us they found CareWorks: Easy to learn, Easy on the eyes, Holding a lot of information, Reports are easily accessible and they really like the “Priority” message feature!

Carolyn Ganley in Honeoye Falls, NY told us she found the program very useful for a new organization just getting started. She likes being able to track volunteers and also to give them information they need before visiting their client. We were glad to hear that Carolyn thinks our Technical help is great, too! We do try!

## PAPER INPUT FORMS

If you go to our website: [www.aboutcareworks.com](http://www.aboutcareworks.com) and go to the FAQ's, you will see that there are forms that can be downloaded into MS Word. You will find a Volunteer Application Form, Receiver Assessment Form, Receiver Intake Form, Volunteer Timesheets and Member Congregation Summary Form. Even if you don't buy CareWorks, please feel free to download these forms to use with your program. Once you have them in MS Word, you can customize them with your group name and whatever other information you'd like to add.

## FUNDRAISING IDEAS

Are your closets overflowing with things you never use or clothes you never wear? Perhaps your program could hold a giant Tag Sale of donated items! Ask for donated baked goods while you are at it to bring in more money!

How about a Pumpkin Sale? Pumpkin pie, pumpkin bread and real pumpkins! Maybe you have a crafty volunteer who could make pumpkin placemats and napkins to sell.

## SUGGESTIONS

We like to hear from Faith in Action groups. If you have a suggestion for a way to improve CareWorks or a feature you would like to see, please email us at: [speck@aboutcareworks.com](mailto:speck@aboutcareworks.com). We are hoping to address quite a few improvements in Release 3.0 due January 2005.
