STAFF TURNOVERS

Some groups have staff turnovers relatively frequently. If they are current users of CareWorks and have paid their Technical Support, we will be happy to spend some time training new directors and support staff.

It can be frustrating to start a new job and inherit someone else's filing system, let alone their software!

FUNDRAISING IDEAS

We received an email from Jeanette Wojcik of the Faith in Action Caregivers in Wheeling, WV. Her organization has set themselves up as a charity on www.goodsearch.com. If you click on that web address, you will be able to do a regular search on Yahoo and a donation will be made to the charity of your choice. It is available in a drop-down box. The charity will receive a penny for every search, but they sure could add up!

What a wonderful way for your program to fundraise! Please check it out.

DATA CONVERSION

"I have been using MS Excel for years and can already get all of the information I need!" Well, we've heard that one before and, in some cases, it may be true!

However, CareWorks does a lot more than MS Excel ever could. It is a true relational database that even works in conjunction with MS Word for it's Mail Merge feature.

There are over 70 reports that come with CareWorks. Most importantly, the Profile Report that comes with CareWorks shows all of the necessary breakdowns of Receivers (i.e. gender, age, mobility, ethnicity, income level, etc.) as well as Volunteers (i.e. gender, age for the specified period.

And, if your data is in MS Excel, we can convert it for a nominal fee!

SUGGESTIONS

We like to hear from Faith in Action groups. If you have a suggestion for a way to improve CareWorks or a feature you would like to see, please email us at:

speck@aboutcareworks.com or call 845-383-3800 ext.101 or our toll free number 866-274-4462 ext.101.
