A complimentary Newsletter from CareWorks Software

GRANT REPORTING

Have you been writing grants, but finding that you need information from your database that doesn't seem to be there?

Let me help you! CareWorks may have the answer at your fingertips! Some programs have found grants that provide for relatives that act as caregivers. Are the relatives considered "Volunteers" in your CareWorks? Well, not exactly, but they could reside in that table. For example, they could be set up as a specific CareTeam identified by the Grant Name, perhaps? Then they could also be associated with their Care Receiver by way of a PERMANENT ASSIGNMENT and could even have their own Service SubCode.

I imagine there are other grants available that may require pulling information from your CareWorks database differently than you normally would. If you can let me know what information you need, I may be able to help you figure out a way to get it. That's the beauty of a database!

All of this holds true for your Board Members as well. Are they asking you for statistics about the population you serve? Do you need to have more detailed identifiers or classifications for your Receivers?

Are you making the most of your TIMESHEETS and getting your Volunteers to hand in their hours? You might be surprised how much

time is spent on tasks and services that is never recorded.

CAREWORKS Demos

With the advent of Windows 7, we had to do away with sending out CDs for CareWorks demos. Consequently, now we send out the demo version on a 4 gig FLASH DRIVE!!! For those who request a demo, we tell them to keep the flash drive even if they don't buy the software. If they do decide to purchase CareWorks, we STRONGLY encourage them to use the flash drive for their backups! And we all know how important backups are, right?

FUNDRAISING IDEAS

Do you have access to a group of young adults that might be interested in a sports tournament? You could have baseball or softball teams pay to sign up to compete and then offer a prize or trophy if they are the winning team. Their friends and family will come to watch along with community members, so you can charge an admission fee to the games, serve refreshments and tee shirts! Donations, a raffle, the possibilities are endless!
