A BUMPY ROAD

The release of Version 3 has been a bit of a bumpy road, but we believe that we have been able to address almost all of the early problems. Now, Version 3.12 is available and for any current users who haven't updated yet, please contact the office and we will get you set up. Call our toll free number: 866-274-4462 or email speck@aboutcareworks.com.

CREDIT CARD PAYMENT

In the past, we have had requests to pay for CareWorks with a credit card. Well, now you can! We will gladly accept Visa and MasterCard. We are trying to make it easier for you!

FUNDRAISING IDEAS

Perhaps in some situations, money might be well spent by hiring a grant writer. Certainly there is money available for non-profit caregiving organizations, but it is often difficult to obtain it. A grant writer can focus on your group's strengths and pinpoint the needs that you have.

Of course, your primary need might be to purchase CareWorks!

CAREWORKS COMMENTS

Jeanette Wojcik is most certainly the Best Ambassador for CareWorks. She kindly answers questions of our prospective customers who are undecided about whether to purchase the program. Here is part of an email she shared with me as an answer to the question, "Why did you pick the one [software] that you are using?":

"I've never looked at any other database software because CareWorks does everything (and more) than I could ever want. It is very user friendly and I have no trouble with office volunteers learning to do the data entry. The reports it will give you are endless -- everything from demographics about who you help to birthday lists. It will help you track hours, services, congregations, etc. There are so many good features about CareWorks that I don't know where to begin!"

We just couldn't ask for a better endorsement than that! Thanks, Jeanette!

SUGGESTIONS

We like to hear from Faith in Action groups. If you have a suggestion for a way to improve CareWorks or a feature you would like to see, please email us at:
