

# What Works

*A complimentary Newsletter from CareWorks Software*

## I HEARD IT THROUGH THE GRAPEVINE.....

I believe that I made a big mistake in not trying to attend the FAITH in ACTION National Network Conference in Orlando. However, I heard that some discussion about CareWorks took place.

There are current CareWorks users that find the program isn't giving them what they need. Please let me address that! I will be happy to talk with you and try to help you "customize" CareWorks or the way that you enter data, so that it will provide you with the data and statistics that you need... Just call toll free 866-274-4462 x100.

## WINDOWS 7 & CareWorks

We have some good news! If you have the latest version of CareWorks that says Version 3.41 for **XP & Vista**, then you will be able to use CareWorks on a new Windows 7 computer.

If you have CareWorks Version 3.41, but it does not say for Vista, then you will need to upgrade to be able to use it on Windows 7.

Groups that are paid up on their Tech Support can request this at no charge.

## TAX RECEIPTS for DONATIONS

Okay, you are saying to yourself, how can CareWorks help with that?

The answer is, by using the Mail Merge feature! If you carefully enter your Donations into CareWorks and define the Donation EVENT in Maintenance, you can send out personal letters to each individual on your program letterhead. This can serve as a tax receipt for those who have kindly donated.

The letter will include the name, the date, the exact amount donated and the donation event. The body of the letter can be easily altered as needed.

## FUNDRAISING IDEAS

Do you have a local nursery or garden center? Are they active in community events?

Perhaps you can approach them to donate some bulbs for fall planting! To them, it's free advertising and to you, it's free bulbs!

Then, you can send out your newsletter with an order form for bulbs and watch the money roll in!

Of course, this could work with any item that a local store would be willing to donate, but if the owner had requested transportation or care for a loved one from your program, all the better!
